THE TABERNACLE IN THE WILDERNESS

Part 10: From Tabernacle To Temple
And Title Deeds

Reading: *2 Chronicles 3:1 - 8*

Introduction

- Aerial view of Jerusalem today reveals a mixture of old and new.
- Approx 48 square miles with a population of 970,000.
- Approx 60% Jewish and 37% Muslim.
- 4000 years ago there was nothing. Just a mountain called **'Moriah.'** [Genesis 22].
- There Abraham was told to offer Isaac as a sacrifice.
- NB. Islam says it was Ismael Abraham offered.
- As Abraham is about to kill Isaac God stays his hand and a ram is sacrificed instead.
- Summit of Moriah is redemption ground.
- The spot is now said to be under Dome of the Rock shrine in Jerusalem today.
- In [Genesis 22] only thing built on Moriah is Abraham's altar.

1 The Time Of David

- A 1000 years later in time of David, Abraham's family have mushroomed into the 12 tribed nation of Israel.
- They have conquered most of the land but sadly not all e.g. the Jebusite stronghold of Zion (fortress).

- When David comes to throne he takes it and makes it his new capital identified as Jerusalem (the city of peace.).
- David relocates the tabernacle too, to be near to him.
- He desires to build a permanent home for the Ark of the covenant - the temple.
- God says his son after him will build it.
- David secures the plot of ground it is to be built on [2 Samuel 24] and [1 Chronicles 22:1].

2 The Time Of Solomon

- In [2 Chronicles 3:1] the sacred writer identifies Moriah with the plot of ground David bought from Arunah where the temple was to be built.
- NB. Moriah and Arunah's threshing floor are both identified with sacrifice.
- It took Solomon 7 and half years to finish the building.
- He sourced the wood from Hiram, king of Tyre.
- Stone sourced from nearby quarries.
- Temple was 60c (l) x 20c (w) and 30c (h).
- A vestibule proceeded outward a further 10c at the front.
- Inside stone walls covered with cypress panels with flowers and cherubim and palm trees carved into them and overlaid with gold. [1 Kings 6:29].
- Two pillars stood either side of the door 35 feet tall called '**Boaz**' and '**Jachin**' and made of bronze [1 Kings 7:15].
- The '**holy of holies**' was 20c x 20c x 20c.
- Two large cherubs 10c tall with the ark positioned between them.
- 10 seven branched golden lampstands to illuminate the larger area.
- Outside the brazen altar was much larger and higher 20c x 20c x 10c. [2 Chronicles 4:1].
- Bronze basin on the back of 12 bronze oxen replaces the bronze laver. [2 Chronicles 4:2 - 5].
- The local church had in effect become a '**mega church.**'

3 The Dedication Of The Temple

- See [2Chronicles 5:13 - 14] and [7:1 - 2].
- At the dedication the glory of God fills the temple.
- The temple is a picture of '**the true church**' of Jesus Christ.
- Built on redemption ground.
- Planned by the father (David) and completed by the son (Solomon) and filled with the Spirit/Glory of God.
- The Father planned our salvation [Ephesians 1:4], the Son wrought it [Matthew 16:18] and the Spirit entered it at Pentecost. [Acts 2].
- See also [1 Corinthians 3:16].
